Red Dog Pet Resort & Spa Training Classes

With the advent of good weather we are all experiencing a little Spring Fever - and that goes for our four legged friends as well. It was a long winter and most dogs did not get the amount of exercise that they are used too. This can result in a wide range of behaviors including: agitation, separation anxiety, weight gain, shorter attention span, and general misbehavior.

A great solution for doggy spring fever is get out and take an obedience class. It does not matter if you're a beginner or a more advanced student training is a great way to relieve some of those spring fever blues. It gets you and your dog out of the house, provides an opportunity for socialization and bonding, and best of all reinforces all of those commands your dog needs to know.

Sign up today, space is limited! Call Dominique at 513-833-4414 to confirm!
